

Board Vice-Chair

Harman Singh

Harman is the Smart Cities and Places Lead at GHD Digital, where he pursues his passion of developing innovative solutions for Smart Cities, Precincts & Buildings. He brings with him 20 years of global work experience with various technology-related businesses in the USA, Dubai, India and Australia. Harman is a Certified Smart Cities Practitioner and a regular speaker on smart technologies, applied innovation and digital transformation.

In the past, he served as the Chief Innovation Officer at Brady Family of Companies, USA, where he led the organisation to be awarded the "Most Innovative Workplace" in North Carolina in 2017. He also led the development of an IoT platform for smart buildings, built on world leading SAS Analytics technology. Harman holds an MBA from London Business School and currently serves on Standards Australia's committee for Smart City Systems with the goal to foster the development of standards in this evolving space.
