

**Board Secretary**

## **Jamie Ewert**

Principally a waterway manager and educator by training, Jamie is part of Water Sensitive Cities Australia at Monash University, Victoria. Here, he manages the Mainstreaming Program to make water sensitive cities our business-as-usual approach to designing cities and Towns.

Previously, Jamie was an Executive at the CRC for Water Sensitive Cities (CRCWSC) since its inception in 2012. Over this time he managed research adoption, communications, stakeholder engagement and commercial activities.

He was also involved in CRCWSC projects across Australia and beyond, such as in India. Jamie also has a long career in the water sector with roles at Melbourne Water, NSW Environment Protection Authority and Southern Rural Water.
